

MANDATORY SUBMISSION FORM

A Signature Below Certifies Compliance with the Following Statements

Copyright Transfer. In consideration of the acceptance of the above work for publication, I do hereby assign and transfer to the American Physiological Society (APS) all rights, title, and interest in and to the copyright in the above-titled work. This includes preliminary display/posting of the abstract of the accepted article in electronic form before publication. The Journal grants the Author permission to provide a copy of the accepted manuscript to NIH upon acceptance for Journal publication, with public release in PubMed Central twelve months after final print publication by the Journal. In cases in which obtaining a signature from each author would delay review, the corresponding author's signature is sufficient provided that the corresponding author understands that he or she signs on behalf of all of the authors who have not signed the form. It should also be understood by all authors that the corresponding author has signed the manuscript submission form as their proxy. If any changes in authorship (order, deletions, or additions) occur after the manuscript is submitted, agreement by all authors for such changes must be on file with APS. An author's name may only be removed at his/her own request. For commercial companies, authorized agent signatures are allowed for copyright transfer, but the corresponding author must sign for authorship responsibilities as stated below. Material prepared by employees of the US Government in the course of their official duties cannot be copyrighted, and work prepared by employees of the British or British Commonwealth government in the course of their official duties is subject to Crown Copyright, and cannot be transferred to the APS. Nevertheless, authors must sign the form to indicate acceptance of all terms other than copyright transfer.

Authorship Responsibilities. I attest that:

- 1) the manuscript is not currently under consideration, in press or published elsewhere, and the research reported will not be submitted for publication elsewhere until a final decision has been made as to its acceptability by the journal (**posting of submitted material on a web site may be considered prior publication--note this in your cover letter**);
- 2) the manuscript is truthful original work without fabrication, fraud, or plagiarism;
- 3) I have made an important scientific contribution to the study and am thoroughly familiar with the primary data; and
- 4) I have read the complete manuscript and take responsibility for the content and completeness of the manuscript and understand that I share responsibility if the paper, or part of the paper, is found to be faulty or fraudulent.

Conflict of Interest Disclosure. All funding sources supporting the work and all institutional or corporate affiliations of mine are acknowledged. Except as disclosed on a separate attachment, I certify that I have no commercial

associations (e.g., consultancies, stock ownership, equity interests, patent-licensing arrangements) that might pose a conflict of interest in connection with the submitted article, and that I accept full responsibility for the content of the trial, had full access to all the data, and controlled the decision to publish.

I have a potential conflict to disclose and will provide the form from <http://www.the-aps.org/publications/journals/conflict.pdf>.

Color Figures. Color figures that are scientifically necessary are free for first or last authors who are APS members in good standing. Please provide membership information if applicable. Nonmembers pay a fee of \$400 per color figure. Unnecessary color figures (e.g., color line or bar graphs) are not permitted in the APS journals.

Author Fees. I agree to pay page charges (\$70 per printed journal page) and applicable color figure fees (\$400 per figure) if the manuscript is accepted for publication. (Page charges became mandatory at APS in 1998. There are no waivers given.)

Please check if this article was written as part of the official duties of an employee of the US Government.
